GroYourBiz 2020 Webinar

Can you find the positives, in the chaos around you?

*Maybe if you stopped, looked around –
you would hear & see better.*

Can you please list 5 things, at this point in your life, that are positive to the world you live in?

**Out of your 5 positives – which
one ‘WOULD’ you live
*WITHOUT at this time?***

**Out of your remaining 4
positives – which one ‘COULD’
you live *WITHOUT*?**

*Do you know why you could live
without this? Are you starting to
think you may not have put the top
5 Positive choices in the first place?*

**Out of the remaining 3 – which
order would you place them –
1, being top of your list?**

1.....?

2.....?

3.....?

*Are you comfortable with the order
you have placed your positives, or
do you want to revisit your
original TOP 5*
